NOTICE TO ALL PATIENTS

Dear Patient

We are considering expanding our current practice catchment area to allow patients living outside our existing boundary to register with the practice.

The aim of this proposal is to improve access to our services for a wider local population while continuing to provide safe, effective, and high-quality care to all patients.

Before any decision is made, we would like to hear the views of our existing patients. Your feedback is important and will help inform the practice's decision-making process.
